1. Free Standing Dining Benches : No longer just for your outdoor spaces, benches add versatility to your dining room layout. This trend includes rustic, reclaimed wood, and plush upholstery.
2. Destination Bath Tubs : More and more, home owners are choosing to make their bathroom their spa retreat. The prevailing feature of this trend is a luxurious and stylish destination tub.
3. Full Accent Room : Forget the accent “wall” this year it is all about the accented room! Use bold, moody colors to capitalize on another hot 2019 trend! Popular choices are navy blue and forest green.
4. Ceiling High Backsplash : Full height back splashes create a clean and cohesive look behind floating shelves and range hoods. This trend also gives the illusion of more space.
5. Unpainted Wood Vanities : This trend started strong in 2018 and shows no sign of slowing down. The look of the knots and grain add texture and work well in clean, crisp white bathrooms.
